Hello <<First Name>> <<Last Name>>!

This month we passed our one year anniversary so it's only fitting we celebrate our unique and leading position in the social impact industry.

House of Lords

On 23rd June 2014 we are hosting an event at The House of Lords for precisely 100 global leaders to launch our 2020 Strategic Vision. We need 6 students to be there in attendance in this extraordinary evening dinner event, to accompany CEO's some of whom will arrive by private jet, to celebrate the launch of the 2% CSR Law on 1st April 2014. Further information can be found [here](#).

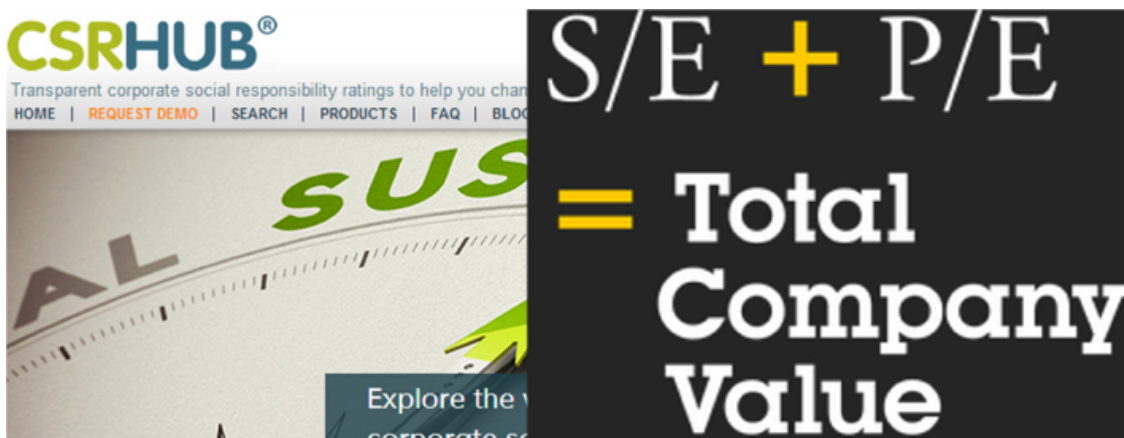

Inter-University

In Spring 2014 we launched our inter-university programme that has already brought together 24 universities to report ranking league tables of social impact in a variety of sectors. The first of these, the "Birmingham 100", will be delivered on 6th June 2014 demonstrating an extraordinary collaboration between Aston University, Birmingham University, Birmingham City University and University College Birmingham. Expanding now internationally to 300+ universities in USA, and 500+ in India, CCEG has launched a MOOC (massive open online course) site to train students. This facility is open to all and you are invited to Sign Up at the Edx site [here](#).

Big Data JV

We are happy to announce the signing of a MoU between [CSRHub](#) who over 7 years have built the largest statistical database of CSR data in the world, and CCEG whose Social Earnings Ratio (S/E) is an international programme to capture the largest empirical database in the world. This joint venture brings together the major exponents of Big Data in social impact to form a complete picture of the social impact landscape.
